FABRIC MANIPULATION WORKSHOP

What do you need?

- textile: thin cotton
- one old umbrella (size does not matter) to be deconstructed, if you have one
- needles and threads (various types)
- small metal objects (coins, nails, etc.)
- rubber bands in different sizes (thick, thin)
- wooden frame (20 x 30cm) – You can purchase a paint canvas from Xenos or Action and remove the canvas part, leaving the corner staples in place.

Extra material provided by DIY

- [heat gun](#) (available to buy from DIY)
- glue gun
- clay
